

D17 Grant Program 2022

The D17 Grant Program is provided to support beginner education and membership building projects. All D17 units are eligible to apply. The maximum grant award for a project will be \$1,000. Smaller amounts may be awarded. The total yearly budget is \$5,000.

The grant request form should be completed and submitted to the Grant Chair, who will present it to the board for consideration. It is the goal to the board to respond to grant requests as soon as possible. A vote will be taken at the board meeting following the final processing of information presented. Applicants will be notified of decisions through email.

A unit may sponsor an individual teacher or volunteer. The financial situation of the unit will be taken into consideration during the decision-making process.

For questions relating to the Grant Program, please contact your D17 Board Representative or the Grant Chair.

Past Grant archives are located on the D17 website:
