

ACBL NATIONAL BOARD REORGANIZATION IS COMPLETE

The process to reduce the ACBL National Board of Directors from 25 to 13 members was completed 1/31/23. The reorganization required changes to the ACBL bylaws and needed a two-thirds majority to begin the downsizing process.

For the purposes of electing members to the National Board, the 25 ACBL Districts are now combined into 13 Regions determined by geography and membership size.

This means that most National Board members represent more than one District. However, three of the 13 Regions include only one District. District 17 is identified as Region 10 and has single representation on the National Board.

It is important to note that all 25 ACBL Districts remain intact. This includes treasuries and District-related functions and events such as North American Pairs (NAPs) and Grand National Team (GNT).

For more information, please contact Cindy Shoemaker, Region 10 Director, region10director@acbl.org
